FARMVILLE.

A new life-throb thr ills the town since the Normal girls are trooping in. Their presence is a benediction giving new cheer and brightness to all our circles. No where are they more welcome than in our churches. Our preachers preach better when they are in the pews.

The school buildings are not yet finished, but school work and carpenters work will go on harmoniously together.

Dr. Milage and family are snugly housed in their new home in the West End, in one of the buildings recently erected by Mr. G. M. Robeson. Dr. Milage has made a favorable impression on our people. He is an accomplished and dignified gentleman and cultivated scholar and of rare conversational gifts.

The school is fortunate in securing the services of such a teacher.

Rain has greatly retarded building operations in our town and "played hob" with our improved side walks. The town has the money and the mending should be prompt and perfect.

Primings have been rolling in and bringing from $2 to $4.30 per hundred. The American Tobacco Co., for the first time, is buying largely of them. They must have a corner for them somewhere. May be to bacco by another name will "chaw" as sweet. I talked with a successful farmer the other day, who told me that he began work in the morning at 3 and worked until 8 at night. Seventeen hours out of the 24 when the Government only requires 8 of its employees. But what does the government care for farmers? Let them struggle with tariff exactions and bad roads, pay taxes and utter no protest.

The Hampden Sidney boys are due on the 12th. President McAllister expects a decided increase in numbers.

Planter's Warehouse, one of your advertisers, by the way, is doing fine business during the priming season. Watkins has developed into one of the best of auctioneers; his associates are pol te and efficient while the location of the house is ideal.

Capt. Hunt is disappointed that Capt. Craighill, of Lynchburg, was'nt made Colonel of the Seventieth Regiment, but is gratified that he won second honor. He is a noble soldier and would have made an ideal commander.

Our people have all been singing, "Rain, rain go away and come again another day." Injury to growing crops must be widespread if not general.

Rev.——Anderson, son of the late C. D. Anderson, who was a highly respected citizens, and one of the most prosperous farmers of his day, occupied the pulpit of the Presbyterian church on last Sunday week and delighted the friends of that father, as well as a large and appreciative congregation. I predict a brilliant future for this young and consecrated servant of the Master.

Rev. Mr. natcher, of the Methodist church, preached the last of the Union series of sermons for the season at the Presbyterian church, and it was one of the best of them all. This earnest worker has been at his post all summer and has been doing noble work.

There has'nt been a case of fever in Farmville all summer.

Our local hail insurance company has done a good business.

Land buyers have been with us in formidable numbers. I sometimes suspect that some of them are sight seeing.

Now and then excitement runs high on the subject of a new railroad and then again all is quiet along the lines.

Col. Rubard was in high spirits over the prospects of the Orange & Keysville system when in town. It seems that he had a certain amount of money to raise in order to secure the full amount necessary to completing the road to Farmville, and that he was promptly raised. I hope yet to hear the whistle of his first engine.

A dwelling on High Street was recently sold at a price which indicated that real estate in Farmville had doubled in value in the last five years.

I am told that farmers who have deposited their tobacco in the Association Warehouse at this place, are well pleased with the pri es already obtained and are hoping for better things. There was only about one million pounds handled in the warehouse th past season, but it is very bottle.

thought that this will be increased to five millions the coming season. The most successful of our farmers are leading the movement and this should mean success.

Mr. Chas. Bugg .our worthy post master, whose term expires in January, is being endorsed by his fellow citizens in a most flattering manner. If the wishes of the patrons of the office are to be respected, then Mr. Roosevelt can but reappoint him.

The season hurries to a close and we have not as yet had a first class cantalope in our market.

Our confectioners are "lining up" for the coming of the Normalites.

The paving of High Street is now well under way. A Lynchburg man is doing the work at a cost of some $7,000.

"Ben" Cox, steward of the Normal School, says he will be ready for the girls. President Jarman expects an increase in attendance, and friends of sampden Sidney are counting on 125 students.

The Farmville Manufacturing Co. is busy receiving logs by rail. Their plow handles will be conspicuous at the Jamestown Exposition.

Farmville is as busy turning up the soil as farmers are in the spring time.

Foundations for houses at 3 streets are doing made by men and mules. Carpenters complain that even seasoned timber is too wet to work.

Mr. J. Ashby Armistead, one of our most enterprising merchants, sells some 50 copies of the Times-Dispatch each week day and 90 on Sunday. He also sells 100 copies of the News-Leader daily, and some 15 each of the Richmond Evening Journal and the New York American.

Mr. Warriner, the efficient clerk of the Planter's Warehouse, who has been ill with fever at his home near Prospect, is at his post again.

Mrs. George Morriss is on the sick list.

Mr. A. E. Crawley and mother are at Rawley Springs.

Rev. Mr. Graham has returned from his vacation.

Rev. Mr. Hatcher will hold revival services in the Armory, beginning early in October.

The Art room of the Normal is the gem of the entire structure.

Sometimes our market furnishes eggs "to burn," at least to boil, and then again it is difficult to find an egg on sale.

Householders, who can, are having their winter's coal put in their bins. Most people in small towns as well as big ones are forced to wait until the cold pinches before laying in even a meagre supply. "From hand to mouth" is the rule with most folks, which is simply another way of expressing the old Bible axiom, "the poor always with you."

Cuba is experimenting with elections, and revolutions, to see which she likes the better.

Sick Headache.

This disease is caused by a derangement of the stomach. Take a dose of Chamberlain's Stomach and Liver Tablets to correct this disorder and the sick headache will disappear.

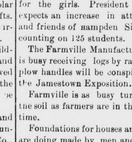
For sale by J. a. Atwood, Appomattox; a. J. Carter, Prospect; E. F. Glover Evergreen.

Looks as if Conolel Roosevelt might have to jump in and free Cuba again.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.



What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfils every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c and $1 sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

OXYDONOR

Obviates the use of poisonous drugs. It renders the entire system so naturally healthy that disease can find no lurking place. It rids the organism of disease, and at any reasonable stage effects a rapid, natural cure, regardless of the gravity or form of the disorder.

Oxydonor compels the free absorption of oxygen through the lungs, which is the purest and best oxygen that is known. It strengthens the whole body, increases the vitality of the blood and gives a sound sleep and good appetite.

OXYDONOR, in short, IS LIFE. It is an instrument of simplest construction, not great, and with care it lasts a lifetime. It is made only for self-treatment by anyone.

Thousands of families depend upon this superior method for good health. Get the descriptive book, containing many grateful reports from those who have cured themselves, mailed free to anyone.

THE OLD MAN'S LAMENT.

I wonder why the mother seems
So quiet and so sad,
It looks to me she has enough
Around to make her glad.
Children all are doing well
In country and in town,
But when their letters come to her
She always pears so down.

'Tis true that they are far away
And seldom get to home,
But that's no cause for her to be
So all-tired sat and dumb.
I'd like to see her smile again
As once she used to do.
Before the children came to us
Her love was fond and true.

Often when I ask to her
To make her spirits rise,
I hear a trouble in her voice
And tears are in her eyes.
I go away—I cannot bear
To see her tears fall down.
I think it strange when all are well
In country and in town,

when the youngest left to go away
She sent him with a smile,
But back behind the outward sign
Grief stayed and dwelt the while
And never has she since that day
Kept all the tear-drops back.
Women are such curious things,
They are wonders that's a fact!

When you try to raise them up
They are always leaning down,
And if you pilot them straight thro'
You'll find them going round.
I only wish the mother would
Look up and smile again,
For me and her are all that's here,
She ought to smile that's plain.

Mrs. Mollie Kyle is ill at her home near Slate River Mills and Miss Julia Kyle of Richmond is staying with her.

The 3rd Sunday is Dr. Lacy's day for holding services at Enanuel church.

It is said the average age of man now, is about 33 years. Well Methuselah was a good bit older than that, but the food he ate was not adulterated as ours is.

A drummer has been traveling around in the mills offering something to make the products of the mills look white, and a merchant told me he knew a man who made chemical vinegar as fast as he could get water hauled and he sold it for 10 cents a gallon and yet we are only offered 15 cents a gallon for the finest sweet apple vinegar.

Quantities of whiskey are being shipped to White Hall and the drinkers tell me it is very inferior and when it is retailed is not only worthless but worse. It is a mercenary business.

The session has begun at the State Normal School at Farmville and some girls are there who could teach as much at the county high school here. The Woman's College at Richmond opens the 20th inst, and Miss Marion C. Forbes, who as lady principle has done such fine work there will leave here about the 20th to arrange her work for the coming session.

In writing of the Sunday School here in my last week's letter I stated that the children went there and found no one to teach them, but the superintendent and one or two teachers had been there and gone home. 10 o'clock is the time for opening Sunday School and pupils should be prompt to meet their teachers. There were six numbers added to the Presbyterian church on last Sunday. Two by letter and four on profession of faith, and the infant child of Mr. and Mrs. John G. Glover was baptized.

Drs. Randolph and Pettit have both have been away from Arvon and Dr. Glover has had his hands full, and to make matters worse one of his fine horses became disabled and he had Dr. Randolph's horse hitched to the buggy and it kicked and ran off and Mr. L. O. Pierce, who was riding with him knocked out and broke one of his legs near the ankle. Dr. Glover immediately set the fractured limb and the patient is getting on as well as could be expected.

Rev. Plummer F. Jones has promised to assist in protracted services at the Presbyterian church here provided a time is fixed upon that will not conflict with his other duties.

Rev. Mr. Hinderlite was at the Presbytery at Arvon last week. His family will spend the winter in Fredericksburg and he will preach in the state but the Foreign Mission board will not agree for him to take charge of a church.

Mr. J. H. Robertson has a fine position in Norfolk and expects to have his family with him there for the winter. Mr. Robertson can do magnificent work in his line of making maps and charts, and he can do printing with his pen that cannot be distinguished from machine printing.

Mrs. Herbert Barksdale, after spending a few pleasant weeks with parents and sisters, will leave for her home in Halifax county.

Mr. and Mrs. J. B. Hanes lost one of their little boys last week. The child was taken to Richmond for treatment and died there.

Dr. S. R. Glover will leave on the 25th to complete his course at the Medical College.

The Board of Supervisors has appropriated $300 to pay for having the cattle inspected and six inspectors have been appointed, their pay being $2 a day. Mr. R. S. Elliff is the inspector for Maysville District.

Free Lance.

The coming of the "ere and yellow leaf" reminds us that the summer is past and fall is fast approaching. With som- of us the days have passed pleasantly, and it is with regret that we number them among the past. "Look not mournfully into the past" but with eager eyes and hoping hearts press forward to the days that are to come.

Some of our visitors are still lingering as if lothe to part from our community.

Mrs. Lavinia Dabney and Miss Hallie Monicon, of Texas, are visiting the home of their sister, Mrs. A. J. Bondurant.

Prof. A. L. Bondurant, of "Variety Shade" Va., will soon leave for his home in Oxford, Miss.

Afton, the hospitable home of Mrs. Nannie T. Ellis, can boast of a very pleasant House Party. Amongst other guests were Misses Maggie Tucker and Maggie Mumford of Richmond, and Mrs. Susie Critchlow of Tennessee.

Mrs. Davidson, accompanied by her granddaughter, Miss Adele Davidson Ellis, is expected to visit Mrs. Ellis very soon. Dr. James N. Ellis and wife will also visit his mother in the near future.

Mr. James H. Robertson has secured and taken possession of a very lucrative position in the office of the "Sea cost line" in Norfolk, Va. Mrs. Robertson and daughter expect to join him at an early date.

Mrs. Herbert Barksdale is now on a visit to her mother, Mrs. L. C. Moseley. She was formerly Miss Bessie Moseley, of Kalorma, Va.

Mr. John L. Rogers, who has been spending his vacation at "Scrichon," his mother's country home, will soon resume his studies at Hampden Sidney. Miss Roy Rogers will also leave in the near future to take charge of a school in this county.

Mr. W. P. Hall, Jr., of Tazewell, is expected to visit his father, Mr. T. B. Hall this week.

Judge A. S. Hall and Rev. C. M. Burrell, who have just returned from attending Presbytery at New Canton, report a pleasant time.

Miss Annie Hall had a delightful day with friends in Richmond. She will soon resume her duties as teacher in a school near here.

Mr. W. P. Hall is on a visit to his old home Perry Hill. It is rumored that he will soon engage in the hardware business in Staunton, Va.

T. B. Hall, Jr. has secured a position at Buckingham courthouse. He entered upon his duties this week.

Misses Mabel and Ruth Swoope enjoyed a pleasant visit to their sister, Mrs. P. P. Glover this week.

Mrs W. H. Morton, of Richmond who has been summering with her father, Mr. J. R. Gilliam, will soon leave us for Chatham, Va. She will be accompanied by her little daughter, Miss Mary Smith Morton.

We are glad to welcome the presence of Mr. J. B. Gilliam in our midst again.

Our community was saddened by the death of Mrs. C. B. Denton, which took place in Lynchburg last week. She had been a great sufferer for months, and gladly welcomed death, to relieve her of her pain. We sympathize deeply with the sorrowing ones.

Sheppards.

Our neighborhood was shocked and saddened last week by the death of Mrs. Mary Grigg, who died after an illness of a few days. She was the sister of Mr. M. C. Elcan, and the widow of the late Dr. E. H. Grigg who for a number of years lived and practiced his profession at Pamplin City

There is an unusual amount of sickness in our county just at present, and all our M. Ds. are "on the go" all the time.

It is to be hoped that the frost will come early this fall, in order that the rank vegetation may be killed.

Nearly all the young people will leave our neighborhood this month. Off to their schools. Some to teach and others to study. May success attend them all.

The tobacco raisers report the the crop was greatly damaged by the excessive rains, but it is hoped that the prices will be high enough to compensate the planters for the shortage.

Brierhook.

For fear some one may think Brierhook has departed this life, I will say that she is still in the boat and progressing nicely.

The protracted meeting held at Antioch Baptist church last week, closed on Sunday night. Quite a number were converted and a nice addition was made to the church. The meeting was conducted by Rev. Thomas Fitzgerald, of W. Va. He is a fine preacher and has won the esteem of many friends in this community.

Miss Pearl Spencer has left for Farmville, she will attend the State Normal school there.

Fair weather again.

Mr. Herbert
